/ ART DIRECTOR / GRAPHIC DESIGNER /

Lindsey Decker

I'm a graphic designer with 14 years of industry experience who has served a wide range of clients from all walks of life. No matter the client—be it a small business owner, a large corporation, a nonprofit, a school, a podcast, or an author—I help them tell their stories. With experience in print, digital, web, audio, video, and 3D design, I can tap into whatever skill is needed to tell those stories in the best way possible.

JASONSHOUSE® EMPOWERING HOMEBUYERS

Search for Homes | How It Works | About Us | Blog | Sign Up | Login

How It Works

Jason's House is an innovating new marketplace that helps you save thousands of dollars buying your next home. Simply indicate where you are at in the home buying process and what services you would like a professional agent to perform. Based on the services you need, our local partner agents will compete for your business by offering to share a percentage of their commission to earn your business. The less service you need, the more you can save!

1 **Tell Us** about your home buying plans

2 **Collect Bids** from local and licensed agents

3 **Choose Agent** based on the criteria you want

4 **Save Money** when you close on your new home

An Entirely New Market Place

The unique marketplace that makes up Jason's House is a better way to find an agent. Receive bids from local real estate agents based upon your exact needs. No more wasting time and overpaying for real estate services.

Sign Up

Made To Match

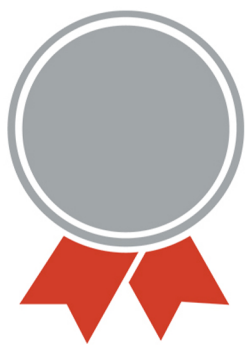

Tell us about your home buying needs and within no time you will receive custom proposals from quality real estate agents. View your bids and select the best agent for the job based on both price and merit.

Sign Up

Not Discount, But Custom Service

All home buyers are different and only some need full service representation. Jason's House lets you vary your real estate needs and therefore save thousands of dolalrs with a real estate rebate. We offer a custom price for custom service.

Sign Up

Nuts & Bolts Of Commissions

Real estate commission fees are always negotiable. The rebates that you see on Jason's House are listed in terms of the percentage of the buyer-side commission (BSC) that the agent will give you back at closing.

Sign Up

Local & Licensed Agents

Jason's House provides you with instant access to the best real estate brokers and buyer agents in your city; agents with the skills to help you buy your home. All agents are local and licensed.

The Truth About Real Estate Commission

Real estate commission fees are always negotiable. The rebates that you see on Jason's House are listed in terms of the percentage of the buyer-side commission (BSC) that the agent will give you back at closing. At Jason's House, our agents will tell you upfront the amount of their commission they are willing to give back to you, and the amount you are due will show up on the official HUD-1 settlement statement you sign at closing, directly reducing your closing costs.

Sign Up

How You Save Money

Rebates get applied directly on the HUD-1 Settlement Statement reducing your real estate costs and requiring you to bring less cash to the closing table! There is no filling out forms or waiting for a check in the mail; your rebate is a direct reduction of your closing costs.

Service Guarantee

The unique marketplace that makes up Jason's House is a better way to find an agent. Receive bids from local real estate agents based upon your exact needs. No more wasting time and overpaying for real estate services.

We've Got You Covered

The Matching Certificate™ ensures that you as the home buyer and your real estate agent are on the same page. If you decide to work with an agent you can generate a custom Matching Certificate™ to ensure that the contract you sign is what you signed up for.

How You Save Money

About Us

Jason's House, Inc. provides a marketplace for real estate services.

All monetary savings "cash back" are in the form of commission rebates, listed as a percentage of the Buyer Side Commission (BSC), credited from the buyer's broker to the home buyer at closing. Buyer rebates are legal in all states in which Jason's House operates.

Jason's House, Empowering Home Buyers, and the Jason's House Logo are trademarks of Jason's House, Inc. A REALTOR® is a real estate professional who is a member of the National Association of REALTORS®

PDMOVIE

REMOTE AIR FOLLOW FOCUS SYSTEM

Two things were forefront in the design of the Remote Air; versatility and ease of use. The dual motor system mounts easily on any professional movie camera, and the automatic calibration system takes mere seconds to sync up. Thanks to the 20-channel signal range and the 2.4G signal strength, the Remote Air has the technological capabilities to be used anywhere from a studio shoot to a location shoot out in an open field without having to worry about loss of control.

The controllers themselves are as simple as turning two dials, and both feature an OLED display showing receiver channel, signal strength, and battery life so that you can check your system effortlessly and instantly. Plus, the whole system comes with its own personal carrying case making it a great on-the-go addition to your film team.

PD MOVIE FEATURES

RANGE UP TO 300 FEET

The PD Movie Remote Air gives you hassle free operation at 300 feet line of site. So if you are using a jib or remote camera set up you won't have to worry about losing precise camera lens control.

2.4 DIGITAL WIRELESS

PD Movie Remote Air operates in the 2.4 GHz range, far from TV and DTV interference.

20 CHANNEL SIGNAL RANGE

Thanks to the 20-channel signal range and the 2.4G signal strength, the Remote Air has the technological capabilities to be used anywhere from a studio shoot to a location shoot out in an open field without having to worry about loss of control.

4 ALL-IN-ONE VERSIONS AVAILABLE

PD Move Remote Air comes in 4 versions to meet your shooting requirements. This includes a High Torque motor version for use with zoom control or stiff lenses.

30 HOUR BATTERY LIFE

The wireless controller has a 30 hour battery life which allows worry free continuous use without the need for frequent recharging.

USES 15MM & 19MM RODS

PD Movie Remote Air allows the flexibility with the included adapter to use both 15mm and 19mm rods.

DURABLE ALL-METAL CONSTRUCTION

PD Movie Remote Air is made of durable all metal construction. It has been designed and crafted to be a professional grade production tool.

AUTOMATIC LENS CALIBRATION

The Remote Air knows that every shot and every scene is a whole new challenge, and the auto calibration system was built with this in mind. With every lens switch the system needs only a single button press to find both the beginning and the ending of the adjustment range, a process that takes mere seconds. One button press and you're ready to go once again.

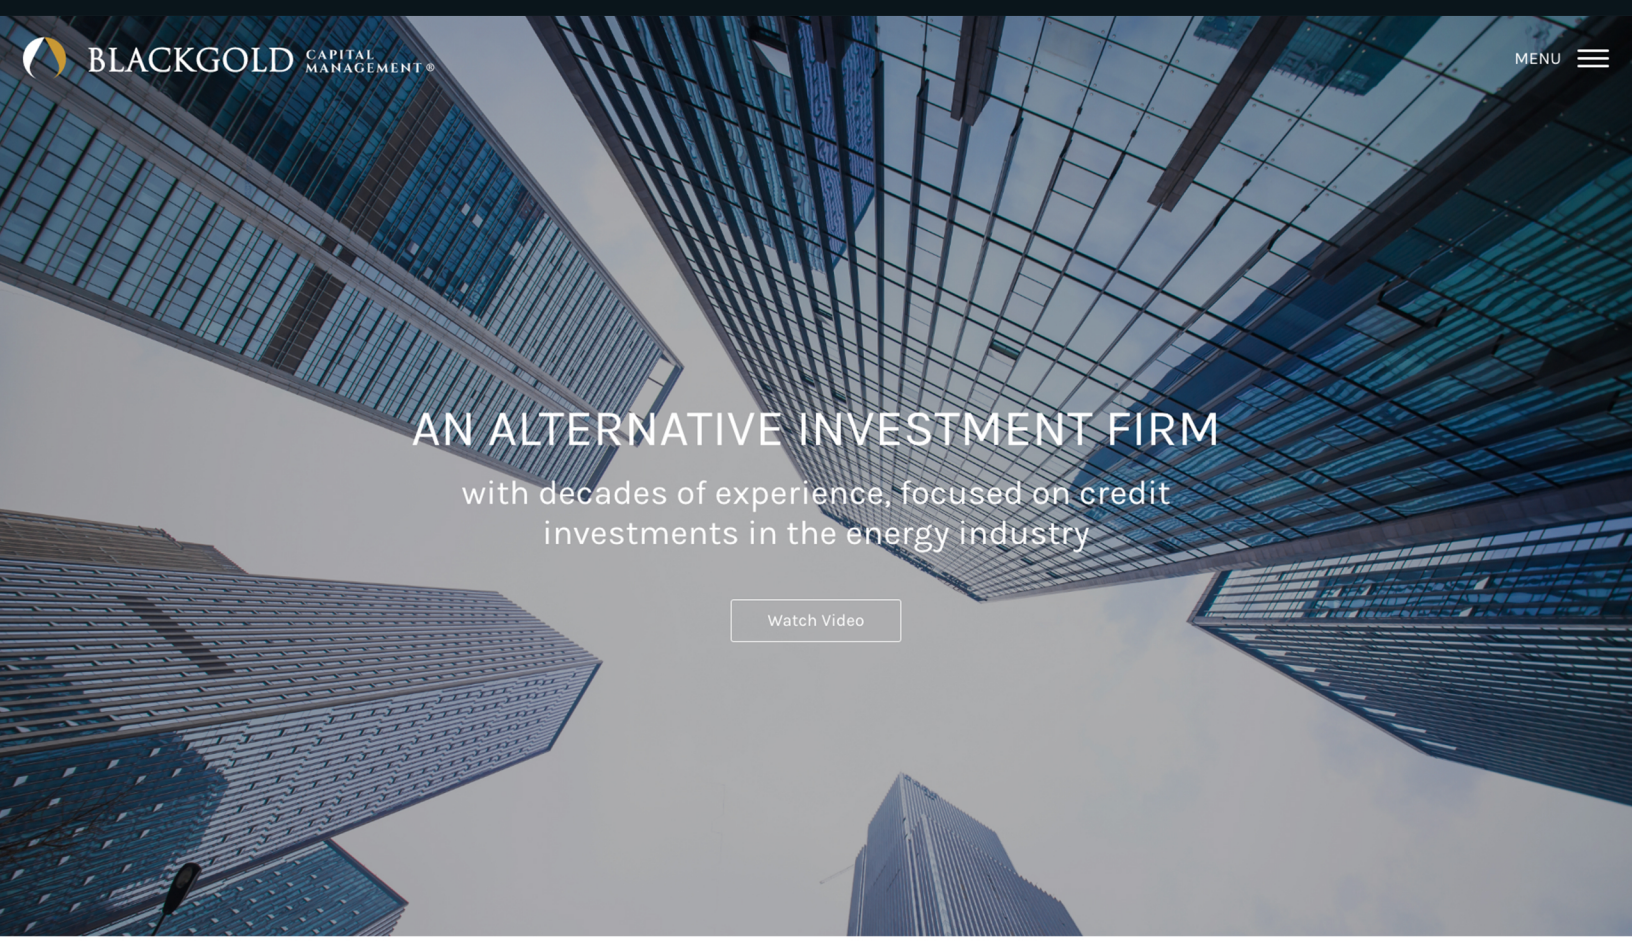

GREATER LENS CONTROL
